

ACI ANCHORAGE PODRAŽANJ

SUMMARY OF INFORMATION FROM THE WASTE RECEPTION AND HANDLING PLAN

Information for anchorage users – Article 61(4) of the Ordinance (Official Gazette 72/2021)

1 LOCATION OF PORT RECEPTION FACILITIES

There are no permanent waste containers at the anchorage. Staff collect municipal waste directly from vessels in biodegradable bags and transport it to ACI Marina Žut, where it is placed in mixed municipal waste containers.

2 WASTE COLLECTION HOURS

Municipal waste collection is organised 24 hours a day during the anchorage operating period (1 April–31 October).

3 TYPES OF WASTE AND SERVICES AVAILABLE

Mixed municipal waste from vessels is accepted.

4 CONTACTS – OPERATORS AND SERVICE PROVIDERS

Authorised operators/service providers: MURTELA d.o.o.: Butina 2, Murter; 022/436-521.

5 PROCEDURE FOR DELIVERY OF WASTE FROM SHIPS

The user hands municipal waste over to anchorage staff. The waste is transported by vessel to ACI Marina Žut, where it is placed in the appropriate containers; a receipt is issued for the collected waste.

6 COST RECOVERY SYSTEM

Waste reception costs are covered by an indirect waste reception fee.

7 FEES AND BASIS OF CALCULATION

Boats and yachts in transit pay an indirect fee in a flat-rate amount equal to 1% of the berth price, irrespective of the actual delivery of waste.

For further information, please contact ACI Marina Žut.
